Viewpoints on Emergent Phenomena in Non-equilibrium Systems

Monday, 23 June 2014

Emergent phenomena in complex systems (14:15 - 17:00)

-Conveners: Tobias Galla

time	[id] title	presenter
14:15	[7] A perspective on physics, emergence and economics: A growth area for nonequilibrium science	BUCHANAN, Mark
14:45	[6] Economic and financial crises: Some challenges	BOUCHAUD, Jean-Philippe
15:15	[8] Response 1	
15:25	[9] Response 2	
15:35	Coffee	
16:00	[10] Group discussions	
16:30	[11] Input to roadmap
