

QED in Weak Decays

Wednesday 22 June 2022

QED in continuum phenomenology (14:00-18:00)

time	[id] title	presenter
14:00	[1] QED corrections in $\bar{B} \rightarrow \bar{K} \ell \ell^+ \ell^-$ at the fully differential level: An EFT approach	NABEEBACCUS, Saad
14:40	[2] QED corrections in chiral perturbation theory	KNECHT, Mark
15:20	Coffee Break	
15:40	[3] Charged mesons in QED - Interpolating operators	ZWICKY, Roman
16:20	[4] $B_{d,s} \rightarrow \mu^+ \mu^- \gamma$ phenomenology - overview	GUADAGNOLI, Diego
17:00	Coffee Break	
17:20	[5] QED in inclusive rare and radiative $b \rightarrow s$ decays	HUBER, Tobias
