

# SuperNEMO Collaboration Meeting

## Monday 03 July 2023

**Presentations: Intro** - St Trinnean's Room (09:00-09:15)

**Presentations: Detector operations** - St Trinnean's Room (09:15-10:30)

**Presentations: Shielding** - St Trinnean's Room (10:30-11:30)

**Presentations: Energy reconstruction** - St Trinnean's Room (12:00-13:00)

**Presentations: Analysis and calibration** - St Trinnean's Room (14:00-15:30)

# Tuesday 04 July 2023

**Presentations: Neutrino oscillations and neutrinoless double-beta decay - St Trinnean's Room (09:00-09:20)**

**Presentations: Software, electronics, readiness for steady-state data taking - St Trinnean's Room (09:20-10:30)**

**Presentations: Analysis and calibration - St Trinnean's Room (11:00-13:00)**

# Wednesday 05 July 2023

**Presentations: Recirculation and radon - St Trinnean's Room (09:00-10:45)**

**Presentations: TB, future planning and summary - St Trinnean's Room (14:30-16:00)**
