

Session Program

24-27 Feb 2025

First Quantisation for Physics in Strong Fields

Short Talk

James Clerk Maxwell Building , Higgs Centre Seminar Room (4305)
School of Physics and Astronomy University of Edinburgh James Clerk Maxwell Building Peter Guthrie
Tait Road Edinburgh EH9 3FD

Wednesday 26 February

13:45

Short Talk

Session |

Location: James Clerk Maxwell Building , Higgs Centre Seminar Room (4305), School of Physics and Astronomy
University of Edinburgh James Clerk Maxwell Building Peter Guthrie Tait Road Edinburgh EH9 3FD |

Convener: Ivan Ahumada

13:45-14:15

Resummations and pair creation in the first quantised approach

Speaker

Sebastian Franchino-Viñas

14:15

14:15

Short Talk

Session |

Location: James Clerk Maxwell Building , Higgs Centre Seminar Room (4305), School of Physics and Astronomy
University of Edinburgh James Clerk Maxwell Building Peter Guthrie Tait Road Edinburgh EH9 3FD |

Convener: Ivan Ahumada

14:15-14:45

Effective Actions in a Supermanifold

Speaker

Viola Gattus

14:45
