# Health and Safety

Health and Safety SoPA event document is available.

## Main highlights regarding fire safety:

The time of the weekly fire alarm test in this building is 8:55am every Wednesday

We are not aware of any scheduled fire drills, please evacuate at the sound of the fire alarm

### **When you hear the alarm - In Normal Working Hours**

- Follow the instructions on the blue FIRE ACTION notices posted throughout the building.
- Exit the building using the signed FIRE EXIT routes, closing all doors behind you.
- Do not use the lifts.
- Assemble in the car parks well away from the JCMB main entrance area and access road
- Do not re-enter an activated zone, signalled by flashing beacons at the zone boundary
- Do not re-enter the building until given all clear by Assembly Point Controller, Fire Brigade Officers or by public address system
- Do not use your mobile phone until you have safely evacuated the building.

Please ask workshop organisers in case of questions!
