

## ☐ About me

- ☐ Rashid, Fresh PhD grad (UoE), now at UAE University.

## ☐ Science interests

- ☐ Primarily work on MW LMC, MW disequilibrium, interface between theory and data.

## ☐ Future projects with Astroflow

- ☐ Exploring the kinematics & dynamics of the low metallicity radial population in GAIA (locally).

## ☐ Feedback

- ☐ Astroflow is great. Perhaps more demos (community contributions?).

## ☐ Future requirements for Astroflow

- ☐ I need to do some limit testing!
