

# DEX-XV: 15th Durham-Edinburgh eXtragalactic Workshop

## Monday 07 January 2019

### Galaxy Formation and Evolution II - Conference room (13:30-14:30)

time	[id] title	presenter
13:30	[8] High resolution ALMA imaging of SMGs	GULLBERG, Bitten
13:45	[9] AS2UDS survey: Multi-wavelength properties of sub-millimeter galaxies	DUDZEVICIUTE, Ugne
14:00	[10] Predictions for the spatial extent of the dust continuum emission in $2 < z < 5$ star forming galaxies	COCHRANE, Rachel
14:15	[11] Studying the circum-galactic medium at $z \sim 1$ using WFC3 grism spectroscopy	BIELBY, Richard
