

Session Program

Jun 23 - 24, 2014

Viewpoints on Emergent Phenomena in Non-equilibrium Systems

Emergent phenomena in complex systems

Higgs Centre for Theoretical Physics

School of Physics and Astronomy James Clerk Maxwell Building University of Edinburgh Mayfield Road
Edinburgh EH9 3JZ

Mon, June 23

2:15 PM

Emergent phenomena in complex systems
Session |
Location: Higgs Centre for Theoretical Physics, School of Physics and Astronomy James Clerk Maxwell Building
University of Edinburgh Mayfield Road Edinburgh EH9 3JZ |

2:15 - 2:45 PM

A perspective on physics, emergence and economics: A growth area for nonequilibrium science

Speaker
Mark Buchanan

2:45 - 3:15 PM

Economic and financial crises: Some challenges

Speaker
Jean-Philippe Bouchaud

3:15 - 3:25 PM

Response 1

3:25 - 3:35 PM

Response 2

3:35 - 4:00 PM

Coffee

4:00 - 4:30 PM

Group discussions

4:30 - 5:00 PM

Input to roadmap

5:00 PM
