

Viewpoints on Emergent Phenomena in Non-equilibrium Systems

Monday 23 June 2014

Quantum mechanical systems far from equilibrium (09:15-12:00)

-Conveners: Claudio Castelnovo

time	[id] title	presenter
09:15	[0] Quantum mechanical systems out of equilibrium	CAUX, Jean-Sebastien
09:45	[1] Emergence and non-equilibrium in strongly-correlated electron systems	PFLEIDERER, Christian
10:15	[2] Response 1	
10:25	[3] Response 2	
10:35	Coffee	
11:00	[4] Group discussions	
11:30	[5] Input to roadmap
